## **Pittman MusicDB 2021**

This product offers two different types of installations: a standard commercial version and an evaluation version which is configured for single use only and has less software resources. This evaluation version contains an older version of the product (previously available as V8, now called V9) and supports the old and new main product's user interface. The evaluation version can only be used for

---

single use only, but can be upgraded within three months to a full commercial version. Main Features: - Non-permanent installation. All the installation files remain on the CD. You can easily make a backup of the installation CD and update the main product when a new version is available. - Easily copy an older or an older version of the product to a new target PC. - User-friendly interface. Advanced settings are available to enhance the product's efficiency. - Automatic update of the main product and the evaluation software. - Compatibility with up to 16 PCs. - Automatically detects your primary product (the one which will upgrade the evaluation software to the commercial one). - Automatic upgrade of the evaluation software to the commercial version. - Test mode to perform check-up and upgrade of your evaluation software. - Supports multi-language interface. - Tabs and frames are used for navigation. - File management (move, copy, rename, delete) on the CD. - Efficient use of resources: graphics, resources, hard disk space. - Undo command for each operations performed on the CD. - Easy and convenient configuration of the product. Evaluation Features: - Trial mode: to evaluate the product features. - Can be used on up to 3 PCs. - Does not count for the evaluation software's account (the evaluation version is free, the commercial version is not). - You can always change the evaluation version to the commercial one. (V9 (2018-05-21)). Pricing: The evaluation version of the product has a one-time fee, allowing you to use it for a single evaluation period of 3 months. This version does not require a product license. More info about the pricing of the commercial version: A commercial license includes a subscription for a one year period, and allows you to install and use the product on up to 16 PCs. More info about the pricing of the commercial version: 77a5ca646e
